Hotels make great places for summer sex because you're breaking free from routine and reconnecting with your partner, says sex therapist [Christine Milrod, Ph.D.](#) But here's the twist: Act like complete strangers on vacation and role play a hot, have-to-have-you-now summer fling. ## Grab a Towel

Of course, what's summer without beach sex? But with the crowds, the sun, and the sand in questionable places, it's not always as hot as you expect it to be. Instead, stick to beach foreplay. Milrod suggests getting handsy under a shared beach towel. But don't go for a quickie—keep the heat building by taking brief "towel-breaks" throughout the day, always stopping right when you feel on the brink of orgasm. Studies show this slow build-up makes for an **even stronger orgasm** later on.
